SAMSUNG INTERACTIVE WHITEBOARD SOLUTION
FOR CORPORATIONS AND GOVERNMENT

Optimize communication and collaboration with a complete solution
Today’s corporate and government environments span beyond local boundaries into the global arena, where collaboration and the sharing of ideas through networks and devices is essential. Employees increasingly face everyday situations in which the right information must be made available at the right time. Thus, organizations and IT departments must optimize communication infrastructures to interact internally and externally, effectively supporting collaboration, agility and customer engagement. In addition, meeting room solutions must be highly intuitive for use by multiple individuals.

Samsung Interactive Whiteboard (IWB) Solution for Corporations and Government delivers a flexible and complete offering that enhances employee and customer communication, collaboration and interaction.

**Enhance collaboration**
Implementing a highly connected and interactive display solution to transform communications provides faster decision-making and problem-solving, improves business processes, reduces costs and risk, and boosts business performance by supporting a more knowledgeable and engaged workforce. These key advantages deliver an enhanced employee collaboration environment.

**Increase productivity in meetings**
Sharing ideas and opinions more freely with interactive features such as touchscreens and interactive whiteboard (IWB) solutions fosters more effective and convenient meetings that increase productivity.

**Strengthen employee training**
The delivery of robust training initiatives in which the participants are active contributors increases engagement, resulting in enhanced retention and improved business performance.
Interact and Collaborate
Sharing Knowledge

Collaborative and interactive meetings
Share ideas and opinions freely with interactive features, such as touchscreens and Interactive Whiteboard/IWB Software.

High connectivity with conferencing systems
Build a flexible and reliable collaboration environment with high connectivity between video conference systems and other peripherals.

Efficient regulatory presentations
Facilitate easier meeting operations and share rich content with support for a wide range of media formats and no need for additional handling. Deliver compelling presentations with interactive visuals and live edits to stakeholders to achieve key strategic business objectives.

Effective corporate training
Deliver training initiatives in which participants are active contributors, increasing engagement and resulting in enhanced retention and business performance.

Compelling customer engagement
Transform typical presentations into two-way discussions, incorporating visual content and essential data.
A Connected Touch Screen
To Seamlessly Enhance Collaboration
In The Meeting Room

Enjoy the convenience of a ready-to-use solution in an all-in-one package
Samsung Interactive Whiteboard(IWB) Solution includes everything needed to transform business presentation in a convenient package. Components include: an immersive Display, Touch Overlay for dynamic interactivity, Pen Tray and Pen for easy usage and embedded Interactive Whiteboard(IWB) software for straightforward operation and external content integration.

Leverage a range of products for the optimal fit
A selection of display sizes from 65” to 82” and choice of Touch feature types including Hand Touch and Hybrid provide the optimal solution for any business environment.

Elevate presentation with powerful Interactive Whiteboard(IWB) software
New embedded MagicIWB S2 Software delivers a cost-effective, easy and convenient means of integrating external content into enthralling business presentation.

Rely on safe and durable operation
Rounded edges and tempered safety glass support safe and reliable usage.

Experience clear and vivid content viewing
Clear and immersive displays with a 5,000:1 Contrast Ratio present content with deeper black and brighter white hues, and an Anti-glare Touch Overlay (with less than 15% glare) provides clarity for enhanced viewing.

Maximize ROI with an efficient solution
Multiple uses, such as digital signage, along with energy-saving remote monitoring and display control enable users to make the most of organizational resources.
The new Samsung Interactive Whiteboard Solution is a packaged, easy-to-adopt offering that delivers convenience and compatibility through an upgraded design and enhanced functionality. Samsung Interactive Whiteboard Solution raises innovation to the next level with a truly innovative Interactive Whiteboard Solution to enhance the learning environment.
